

GARDASOFT

RC / RT Series Compatible with nearly any LED lighting assembly available today								
	RC Series	RT200 Series	RT200F Series	RT400 Series RTCC400 Series	RT400F Series RTCC400F Series	RT800F-2 Series	RT800F-20 Series	
	No. of channels	1	2	2	4	4	8	8
	Interface	Push button / Ethernet	Push button / Ethernet / RS232	Push button / Ethernet / RS232	Ethernet / RS232	Ethernet / RS232	Ethernet / RS232	Ethernet / RS232
	Max. current (continous)	1.2A	3A	3A	3A	3A	2A	3A
	Max. current (pulsed)	2.0A	20A	20A	20A	20A	2A	20A
	Min. Pulse width	100µs	20µs	1µs	20µs	1µs	1µs	1µs
PP Series Compatible with nearly any LED lighting assembly available today								
	PP400 Series	PP400F Series	PP500 Series PP500F Series	PP600 Series	PP600F Series	PP800 Series	PP1600 Series PPCC1600 Series	
	No. of channels	4	4	2	2	2	8	16
	Interface	Ethernet	Ethernet	Push button / Ethernet	Push button / Push button & RS232	Push button / Push button & RS232	Ethernet / RS232	Ethernet / RS232
	Max. current (continous)	2A	2A	2A	4A	4A	2A	2A
	Max. current (pulsed)	10A	10A	10A	10A	10A	20A	20A
	Min. Pulse width	20µs	1µs	20µs	20µs	5µs	1µs	1µs
TR Series Full integration of Machine Vision lighting within a 'plug & play' environment.					Trigger Timing Controller 			
	TR-RC100 Series	TR-RT200 Series	TR-RT400 Series	TR-HT200 Series				
	No. of channels	1	2	4				2
	Interface	Push button & Ethernet	Ethernet	Push button / Ethernet				Ethernet / RS232
	Max. current (continous)	1.25A	3A	3A				5A
	Max. current (pulsed)	10A	20A	20A				50A
	Min. Pulse width	100µs	20µs	20µs				3µs
					No. of digital input	8		
					No. of digital output	8		
					Interface	Ethernet		
					supply voltage	12V to 24V		
					Integrates encoders, cameras, lighting, proximity sensors, reject gates. Fast and simple set up, no complicated programming routines.
